1. Work is commencing on the Promenade on Front St. along with the sidewalk installation along the store fronts on the same corridor. Sidewalks from H&R Block to the alley will be done next week.
2. Gas main upgrades in the Tri Sate Corridor are commencing along with the same upgrades going on in the upper 3<sup>rd</sup> ward areas.
3. E Main St paving has been delayed due to the work being done on the Promenade. We are hoping to get some movement on E main St in the next couple weeks. The hospital will be kept in the loop for road and lane closures when paving operations commence. Milling will be done the 1<sup>st</sup> week of October.
4. Hudson St bridge replacement is moving towards production with hopefully installation later this year as we are behind schedule on all of our projects. Should arrive here the end of September and possible work being done the end of October.
5. PD Safe Walking to School Sidewalk project is still in the NYSDOT's hands and we are hoping to get approval in the next few weeks. Construction will most likely not start until the Spring due to the length of time needed to go out to bid and review and accept the bids.

Repair work to the vac truck will cost a total of \$25,000 of which we have to pay half. The garbage truck repair was \$8,000. Bid for trimming trees at the Park Avenue Observatory is \$3,000. City Hall roof will cost \$340,000 and is included in the bond.

Meeting was adjourned at 6:35 P.M.
