DPW Minutes- Chairman Kevin P Cunningham

1. Water Treatment Plant Clarifier work is progressing well despite the cold weather. Work will continue throughout the winter with substantial completion in late spring or early summer. Shut down coordination went well with all departments as I want to thank the Fire Department.
2. Ted Otteni and I will attend the Orange County Transportation Council's meeting on January 20th, 2015 to discuss the funding and progress of the Tri-States Bridge and road widening project.
3. NYS DEC consent order letter from MHE in regards to the sewer main at Jersey Ave and Wagner Pl. will go out to the DEC soon. We should expect a quick response from them for the replacement of the main.
4. We took delivery of two new International dump trucks, plows and sanders couple of weeks ago and they will be in service in a few days.
5. We should take delivery of two new Dial-a Bus' in a few weeks. The Mayor has the contracts and our portion is only 10% on one of the bus' which is approximately \$5,825.00.
6. NYS DOT did their inspection of the Tri States Bridge a few weeks ago and I have the new report in hand. Minimal work needs to be done by my guys to satisfy the NYS DOT this time.
