- Voting for Ward 2 was moved from Farnum Street to the building next to the library on Pike Street. This building is ADA Compliant.
- Complaint:
 - ✚ The second floor at Foundry 42 is not ADA complaint. The City engineer went and looked at the building and said based upon the structure being a pre-existing building, it does not have to be ADA Complaint.
 - ✚ Port Jervis Middle School did not have handicapped access open for the school budget vote and that the superintendent was contacted to ensure handicapped access in all future school voting.

Adjourned at 6:50pm

The next ADA Meeting is scheduled for Monday October 7, 2019 at 6:30p.m. in the Council Chambers.
